DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 and 11 are allowed.

The following is an examiner's statement of reasons for allowance:

The references fail to teach, disclose, or suggest, either alone or in combination, the barrel portion having a generally squared shoulder where the barrel portion meets the carrier strip, the squared shoulder facilitating cutting the terminal completely from the carrier strip and a cutting facilitation portion comprising two approximately parallel planar surfaces disposed along opposite sides of the generally round barrel portion and in combination with the rest of the limitations of the base claims.

Applicant's arguments (Pages, 5-9) with respect to the combination of the Sonoda and Harper, Jr. et al. references have been fully considered and are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
